**PERSONAL INFORMATION:**

**Nationality:** British  
**Date of birth:** 30.11.1986  
**Full driving licence:** Yes  
**Gender:** Male

**PERSONAL STATEMENT:**

Jacques is an experienced and self-motivated individual who is able to instill confidence with those people that he works with. During his time in the industry Jacques gained the knowledge required and he is able to apply himself and lead others to ensure that objectives are achieved on time and with an attention to detail at all times. Jacques has gained both a business and technical aspect of the industry and is able to quickly identify with a given task and then develop a strategy to make certain that the business requirements are met and technology is employed where appropriate to add value.

Jacques has worked in the industry for 7 years for various types of companies and for the last 18 months transitioned to full freelance by creating his own company.

Jacques is a friendly, approachable and professional individual, and he is looking to utilise his expertise to the utmost, facing a fresh challenge on a daily basis. Throughout university Jacques has been required to interface with individuals at all levels, employing a range of interpersonal skills appropriate to the task at hand.

## Hobbies/Interests:

### **Sport**

Jacques is very keen on martial arts which influenced him into taking up the art of Jiu Jitsu; which he has been learning for seven years now, which he has accomplished an orange belt 4th level, as well as traditional Jiu Jitsu Jacques is also learning Brazilian Jiu Jitsu for the last two years where he regularly attends competitions including heading out to Portugal for the European Championship in 2010. During this time he has achieved many things, including winning the title of a national champion for ground fighting. Jacques recently formed a 5 a side football team, and enjoys playing football within a team and also with friends. Jacques is a member of a gym, which he is dedicated and regularly attends several times a week.

### **Music**

Jacques is a budding musician and has been learning to play the guitar for the last three years. Jacques took up playing the guitar as he is an avid music listener and wanted to find a new challenge, this is something that he finds very enjoyable and will continue doing, along with this Jacques is also a keen lyricist and has collaborated with an up and coming musician. Jacques also enjoys attending musical concerts to fuel his passion for music.

### **Computers**

Jacques is very keen on computers; he especially enjoys the aspect of designing websites and is also a very accomplished developer. Jacques has been studying computing since secondary school, this fuelled his passion for computing into knowledge and understanding. Jacques also enjoys playing computer games; this is individually and with friends.

### **Social and enjoys**

Jacques is a very social person and friends are very important to him. He enjoys going out with friends as often as he can. This can include many activities such as: Local Bars, Events/Concerts, Cinema, Playing Football and Going to the gym. Jacques also enjoys reading a different variety of books and is constantly looking to learn new things.
